Sec. 3-9-36. MHP

a. ~~Appropriate by reasonable implication and intent of the district.~~

b. ~~Similar to another use either explicitly permitted in that district or allowed by special exception.~~

c. ~~Not specifically prohibited in that district.~~

~~The board of zoning appeals shall review a favorable determination of the zoning director under this provision at the time the special exception application is presented to it. An unfavorable determination of the zoning director or his designee shall be appealable pursuant to section 3-9-6 of these regulations.~~

~~(f) *Development standards (mobile home parks).* The following development standards shall apply in mobile home parks:~~

~~(1) *Lot and yard requirements:*~~

~~Minimum park area: twenty (20) acres.~~

~~Minimum mobile home living area: four hundred (400) square feet.~~

~~Minimum lot requirements:~~

~~Lot area, four thousand (4,000) square feet.~~

~~Lot width, fifty (50) feet.~~

~~Minimum yard requirements.~~

~~a. No structure other than screening required pursuant to article XXII, chapter 3-5, of the Code, shall be located closer than twenty five (25) feet to a park boundary. A buffer in compliance with article XXII, chapter 3-5 shall be located within the twenty-five (25) foot setback.~~

~~b. No structure shall be located closer than ten (10) feet to another structure and ten (10) feet to the pavement line of any internal street.~~

~~Maximum height of structures: thirty-eight (38) feet.~~

~~Maximum density, units per acre, subject to the underlying land use designation:~~

~~Low density residential5~~

~~Mobile home6~~

~~(2) *Street improvements.* All streets within the proposed mobile home park are to be private and not public. All interior streets shall be designed and constructed using good engineering practices and principles. The streets shall be designed to provide safe, efficient and convenient access to all uses within the development and to provide safe and adequate access by all emergency vehicles. All streets located within the boundaries of the mobile home park shall have a pavement width of not less than twenty (20) feet. All proposed street design and accompanying drainage design and facilities shall be approved subject to appropriate review by the county engineer.~~

~~(3) *Street lighting and electrical utilities.* All streets within the park shall be lighted at night and a lighting plan shall be included upon the site plans submitted for approval. All electrical service lines and facilities shall be placed underground.~~

~~(4) *Garbage disposal.* Mobile home park owners shall allow franchised garbage collectors access throughout park streets for the purpose of collection of garbage and trash. Where residential waste is to be picked up at individual sites, containers shall not exceed twenty (20) gallons nor~~

Sec. 3-9-36. MHP

shall waste be tied in bundles to exceed fifty (50) pounds each. If the location of central garbage collection areas are used, the location of the collection areas may not be more than three hundred (300) feet from any site to be served. The central garbage collection areas shall be shown on the development plan with approved access for the collection. In addition, at the time of development approval, the developer shall submit evidence of approval from the appropriate franchised garbage collector for the collection areas.

~~(5) *Recreational areas.* A minimum of five (5) percent of the gross land area within park boundaries shall be used as a park and/or recreation area. If any portion of a lake or waterway contained within the boundaries of a mobile home park is proposed to be used for a portion of the recreational area, only that portion which supports active recreation shall be counted. In no case may any portion of a lake or waterway be used for more than ten (10) percent of the required recreation area. In addition, no areas less than five thousand (5,000) square feet may be used towards meeting the recreational area requirement nor may any drainage attenuation structures or buffers be utilized in the calculation of required recreation area.~~

~~(6) *Buffers.* Landscape buffers and screening shall be required in this district in accordance with the provisions of article XXII, chapter 3-5, of the Code, as the same may be amended.~~

~~(7) *Landscaping.* In addition to the landscaping required in buffers, each site shall provide for on-site landscaping consisting of at least two (2) shade trees uniformly located on each lot according to an overall landscape plan (for the purpose of this section, palm trees are not to be considered shade trees). The minimum size tree at time of planting shall not be less than four (4) feet in overall height. In addition to landscaping required for the individual mobile home sites, open space areas and recreational areas shall provide for an equivalent amount of shade tree installation. Mobile home parks shall be exempt from the tree ordinance.~~

~~(8) *Water and sewer.* Each lot shall be serviced by a central water and sewer system. The location of any water or sewer plants within the boundaries of the mobile home park shall be designed, located, landscaped and buffered so as not to be visible from adjacent properties.~~

~~(9) *Fire protection.* All mobile home parks shall have an appropriate fire protection plan and appropriate base facilities for fighting fire as approved by the county fire prevention director.~~

~~(10) *Emergency shelters.* Emergency shelters shall be required as a development improvement in new mobile home parks. The minimum size of emergency shelters shall be determined by requiring the minimum area of fifteen (15) square feet per lot unless the county disaster preparedness official determines that greater space is warranted. More than one (1) building may be designated as complying with this requirement provided that in no case, however, shall any required shelter be constructed which contains less than one thousand (1,000) square feet. Shelter areas can be provided in community/recreation buildings provided that the required area of such building and the construction design thereof is reviewed and approved by the county disaster preparedness official.~~

~~Where properties lie anywhere on a barrier island or within one thousand two hundred (1,200) feet of the water of Charlotte Harbor, the Gulf of Mexico, Lemon Bay, Gasparilla Sound, Placida Harbor, Red Fish Cove, the Myakka River, the Peace River, or Coral Creek, structures must also be constructed in accordance with section 3-9-98.~~

~~(g) *Signs.* Signs shall be in accordance with section 3-9-95~~

~~(h) *Off-street parking.* Off-street parking shall be in accordance with section 3-9-90~~
